

REMARKS

Receipt of the Office Action of August 1, 2008 is gratefully acknowledged.

Claims 10 - 18 have been rejected under 35 USC 102(e) by U.S. Patent Application Pub. No. 2002/0123864 (Eryurek).

In order to more fully define the invention and patentably distinguish it over the Eryurek publication, claim 10 has been amended to include the subject matter of claim 11 and more. Claim 10 as amended states that the "data component is written in the form of an XML file and the presentation component in the form of an XSL file," and that "an HTML page" is dynamically produced and "represents a graphical user interface for the field device, from the XML file and the XSL file." These limitations are not found in Eryurek. Accordingly, Eryurek cannot anticipate claim 10, or claims 12 - 18 which depend from claim 10.

In view of the forgoing, reconsideration is respectfully requested in this RCE application, and claims 10 and 12 - 18 found allowable.

Respectfully submitted,
BACON & THOMAS, PLLC
